THE STATE TREASURY.

The Chicago News contains the following from dispatch from Milwaukee, written by an enemy of the present state administration, who is likewise a democrat:

There is practically no money in the general fund and will not be until next month. Then there will be about $450,000 paid in by the railroad companies and other licenses, but at the door will stand a string of creditors with claims for appropriations made last winter to the amount of $386,000, besides all other claims which have sprung up. These will effectually clean out all the license money and leave the state bankrupt for another six months, unless some new scheme springs up to stand off the creditors. The ordinary expenses of the state government, which must be paid out of the general fund, amounts to about $90,000 per month, or $540,000 in the six months which will elapse before the railroads will come to the rescue again. How are these expenses to be met, and the accrued claims against the state to be paid? That is a problem that the state authorities have been vainly endeavoring to solve. There is only one legitimate way out of the difficulty, and that is to levy a special tax to meet the emergency. The state tax for general purposes has been for years abandoned for political capital so that the administration could go to the people and say: "Don't you see that we are running the machinery of the state without taxing you a cent? We get all ordinary expenses out of railroad and other business, which was never done before. Elect us again and we will keep your taxes down in the same way as long as we are there."

There does not seem to be any limit to the unblushing cheek of democratic newspaper writers in the matter of making misstatements concerning the condition of the state treasury. In the first place there is in the treasury to-day and has been all along, enough money to pay all the current expenses of the state treasury. There has been no running in debt; no refusal to pay the current expenses of every department of the state government; no unpaid claims amounting to $386,000; no claims have "sprung up" since the adjournment of the legislature, which have met with non-payment; and no possibility of any such a condition of things arising as that all the unpaid claims of to-day will effectually clean out all the license money and leave the state bankrupt."

The finances of Wisconsin have been managed with admirable skill during the dozen years or more. There has been no need of state taxes for the past six or seven years. All the current expenses of the government have been paid promptly, and at the close of each fiscal year there has been a handsome balance. There is not an intelligent democrat in the state that will say that this statement is not true, for it is a matter of public record and is known by all intelligent men.

The state of Wisconsin is growing. Its population of insane, its number of criminals, all its dependent classes, are increasing, so that, as a matter of course, the cost of the state government is increasing—just on the principle that a large family costs more than a small one. It would be a strange thing, therefore, if at some time a state tax was not needed. The income from railways will probably be less during the present year than in some previous years, and this being the case, it will be necessary, as a plain business fact, to levy a tax. Wisconsin can't expect to run its government always on the income of railways. No state in the Union runs its government in that way; and there is no state in the Union whose financial management has been marked with more wisdom or economy than that of Wisconsin.

Right on the heels of this democratic, charge of the treasury being bankrupted comes this statement from State Treasurer Harshaw, which is a clincher: "The fact is that the state treasury is in pretty healthy condition. I have just paid the whole of the appropriation for the soldiers' home at Waupaca, and there remains in the state treasury something over $300,000 belonging to the general fund."

THE BEGINNING OF A GOOD WORK.

There is a new temperance society incorporated in Chicago under the title of the Temperance Education Society. Its object, as set forth in the constitution, is "to educate the masses on the subject of temperance, by placing before them in public and in private the statistics of the liquor traffic and its relation to the community and the individual." It is proposed that the statements made shall be conservative, and under rather than over the truth, as much as possible in the shape of figures, and bearing for the most part upon the financial and economic phases of the liquor problem. These facts are to be presented to the attention of the public in the street cars, steam cars, waiting rooms, restaurants, factories, on bill boards and in other conspicuous places. The statistics given will be without note or comment, and the work will be carried on in a strictly non-partisan, non-sectarian manner.

There can be no doubt that this society will result in much good. "If its work is prosecuted in the lines laid down in the articles of incorporation, it cannot fail to become a powerful auxiliary in the cause of temperance. The need of the hour in this reform government is education—the education of the people. Recent events have emphasized this fact more sharply than ever before. Educate, educate, should be the motto of every society, organization and party devoted to the work of pushing forward the temperance reformation. In spite of the vast amount of effort expended in this line during the past five years, and the tons upon tons of temperance literature which have been scattered over the country in that time, there still may be found in every community great numbers of people who have as yet no realizing sense of importance of this reform movement, of the fearful evils which flow from the liquor traffic."

What the country needs very much is education on the temperance question. There is a good deal of ignorance in regard to injurious effects of liquor drinking, and as a matter of course there is far too much apathy among the people when a question of reform confronts the country. The school books now published and used in a great many of the public schools throughout the land, which contain facts concerning the evils of alcoholic liquors, and also of narcotics, will prove of special benefit among the young people.

What these well-timed and important school books are doing for the young, the temperance educational society founded in Chicago will do for the people generally; and in support of this new movement the New York Mail and Express says: "What is needed now is such a sharp and strong presentation of the truth in regard to the liquor evil that the hearts and consciences of the people shall be touched and aroused, the blind eyes opened, the deaf ears unstopped. We have a strong and unalterable faith in the American people as a whole, in their honesty, good sense and right-heartedness. We do not believe for a moment, that as a people, they are so selfish, so callous, so indifferent to the fate of their fellow men as to permit a traffic which entails such burdens of woe and suffering upon the world as does the liquor traffic to go on forever unchecked."

A man like General Clinton B. Fisk, of New Jersey, should have a better reputation for consistency than he enjoys at present. He is a strange temperance reformer after the defeat of the temperance cause in New Jersey, and the election of a legislature pledged to serve the rumshops by the aid of the prohibitionists last fall. Geneial Fisk now professes to desire a reenactment of the license law only for the purpose of proving by experience that it increases drunkenness. This is General Fisk's position to-day. But last fall when the democrats and prohibitionists succeeded in wiping the temperance measures from the statute books, this very same General Fisk "declared with appearance of honest indignation that prohibitionists must now insist upon the restoration of the law and vote with those who would re-enact."

General Fisk succeeds very well in playing double, but he makes a melancholy spectacle of himself in doing so.

The Charleston News and Courier has the sublime cheek to remark:

The republican party, as it is constituted to-day, is a party of spoils. Better so, perhaps, for it cannot retain its power, and when it goes the spoils doctrine will pass out of American politics forever.

What does the News and Courier think about the democratic party of to-day? Probably it thinks that the appointment of 76,000 democrats in four years by Cleveland, did not indicate that there was any spoils about that. Oh no. The wholesale sweep of the Cleveland ax must not be counted as being part of the spoil system. It was beautiful civil service reform, of course. If there is any spoiling done by the republican party it is the spoiling of the democratic programme, and that was very effectually done.

Liquor saloons, in the opinion of church members of Brooklyn, should not have a monopoly of sporting news and thus be enabled to attract young men within their doors. Accordingly the young men of Brooklyn in passing by the doors of the fine building of the Young Men's Christian Association nowadays see displayed upon either side of the doors placards with the words printed upon them in large letters of "Baseball returns inside."

There are fears among the enemies of brutal prize-fighting, that John L. Sullivan will get off with a simple fine. If he does it will be a deep humiliation after all the fuss and talk by the authorities of Mississippi. A fine will not bother Sullivan in the least. What will $2,000 be out of the $26,400 he received from the fight with Kilrain? If he can keep sober long enough, he will make that sum in one evening gambling. Nothing but imprisonment will be a just punishment of Sullivan.

A Madison dispatch says that the work of excavating for the new opera house is begun, and that the enterprise will be pushed to completion by the middle of the winter. Madisonians are jubilant at the prospect, as the need has been long severely felt. The structure will cost $60,000 and will be located opposite the postoffice, facing capitol park.

People throughout the state regreted very much that the St. Paul general offices were to be removed from Milwaukee to Chicago. Now comes the unwelcome news that the offices of the general office of the North Chicago rolling mill company will likewise be removed from Milwaukee to Chicago.

Charles Sumner once said of Clara Barton: "She has the talent of a statesman, the command of general, and the heart and hand of a woman." Her work at Johnstown proves that Sumner knew Miss Barton very well.

The New Yorkers want the world's fair to be held in their city on simply their promises to pay. The history of the past four years prove that the promises to pay which the New Yorkers have made, are in the soup.

The democrats are crowing over their majority in Kentucky. The present condition of the democratic party is such that the members of the party think they have occasion to crow over a majority even in Kentucky.

Ex-Congressman Horr, of Michigan, has prepared a lecture to prove that the baboons are not our cousins. Here is a man that is not afraid to oppose the position of Darwin.

REBELLION IN HONOLULU.

AN ATTEMPT TO OVERTHROW KING KALAKAUA.

Dissatisfied Sandwich Islanders Make an Unsuccessful Attack on the Royal Palace---Foreign News.

SAN FRANCISCO, Cal, Aug. 10.--The steamer Alameda just arrived from Australia brings news of a daring though futile insurrection that broke out in Honolulu Tuesday July 30. Two half-breed Hawaiians named Robert W. Wilcox and Robert Boyd, who have been sent at Government expense to be educated at an Italian military school, had been plotting insurrection for some time, but rumors that were current were little heeded until the movement culminated in an armed band of about 130 native Hawaiians marching from Palama to Honolulu, two miles, and securing an entrance to the palace grounds.

In Honolulu all was quiet during the night, although in most of the native houses lights were seen burning at midnight. About 1 a. m. an unusual number of natives and Chinamen were seen on the streets, as if something uncommon was about to happen, but while people went to bed as usual the rebel rioters formed at Palama, and about 3 a. m. Tuesday they marched from that suburb to the city, arriving at the palace at 4 a. m., where they entered the grounds unopposed. These rioters were joined by others, and at one time the rebels upon the palace grounds must have numbered 250.

The King was absent from the palace at the time and an alarm was sent him. The royal party then hastened to the King's boat house, where they remained during the day guarded by the household troops.

Meanwhile the rebels summoned Lieut. Parker to surrender the palace, but that official refused to surrender, although repeated demands were made by Wilcox to do so. The general alarm was sounded throughout the city and the Honolulu rifles were immediately ordered to report at their armory.

There was a great deal of excitement, especially among the Portuguese and Chinese. A number of families fled to the top of the hill and a few ladies took refuge at the American legation, where a corps of marines from the United States steamer Adams was stationed.

A cabinet council was held, and with three ministers present were convened the American, British, French and Portuguese commissioners, also Capt. Woodward of the Adams. The cabinet decided to demand the surrender of Wilcox, but this move was unsuccessful.

Several shots had now been exchanged on both sides. By 11 a. m. the rioters had all taken shelter in a house in the palace grounds, while the Honolulu Rifles had secured a splendid position commanding this. Shots were fired from both sides at intervals. Finally a corps of government volunteers began hurling giant powder bombs.

About this time thirty or more rioters surrendered, one of whom had been fatally shot. Early in the skirmish Robert Boyd, Chief Lieutenant of Wilcox, was severely wounded in two places.

While this bombardment lasted the sharp-shooters kept up a steady and furious fusilade, until finally, after hours of bombardment, the rioters rushed from the building waving a white sheet upon a pole and shouting, "Peace," "Surrender." The gates were thrown open and the force of volunteers entered and took the rebels prisoners. Firing ceased about 7 p. m. and Wilcox was marched to the station house at 7:15 p. m., his comrades arriving at the lockup a few minutes later.

Among those opposed to the rioters the only serious casualty was a wound in the shoulder received by Lieut. Parker, and it is supposed it was from a shot fired by Wilcox. On the side of the rioters there were seven natives killed and twelve wounded, several seriously.

An armed patrol was formed to watch the city during the fight and afterwards, composed of the Honolulu Rifles, blue jackets and marines from the United States steamer Adams, and citizen volunteers as special constables, besides the police force. The plans are said to have been formed by Wilcox. One report was to the effect that he intended to secure the person of King Kalakaua, compel him to abdicate in favor of his sister, Liliuokalani, heir apparent, and demand a new constitution and a new cabinet. Honolulu papers state that this was probably the plan proposed, either in whole or in a modified form, but matters were kept so secret that the exact plans are yet unknown.

The opera house, palaces, government buildings and many private dwellings were more or less damaged by bombs. The inquest was in progress on the bodies of those killed in the riot when the steamer Alameda left Honolulu Aug. 2. A cabinet meeting was held, but the officials declined to state the result of their conference as regards the probable fate of the instigators of the riots.

TO SAVE MRS. MAYBRICK.

New Evidence in Her Favor---Members of Parliament Interested.

NEW YORK, Aug. 10.—Fox & Macklin, counsel for Mrs. Maybrick in this country, have cabled her London solicitors asking if Home Secretary Matthews will consider new evidence if furnished immediately. Mr. Macklin says they have considerable evidence to submit corroborating Mrs. Maybrick's testimony, and also testimony as to her standing and character socially in this country. He thinks that if this testimony were admitted and considered it would change the aspect of the case to her favor.

A London cablegram says that in addition to the numerous petitions being circulated in behalf of the condemned woman a number of members of the House of Commons have decided to make a combined appeal to the home office for her reprieve. Their action is based not only on the confusion in the medical testimony taken, but also in the peculiar behavior of the judge, which has excited a ferment of indignation throughout the country. The foreman of the jury has been interviewed concerning the verdict, and he showed himself, by his answers and comments on the case, to be possessed of only a confused notion of the evidence presented in court. The general impression left by the interview is that the jurors allowed themselves to be swayed and biased by the grossly one-sided summing up of the judge and that they gave a hasty verdict without giving the case and the evidence any personal consideration.

LIVERPOOL, Aug. 10.—The memorial to the government asking that Mrs. Maybrick be reprieved on the ground of the conflicting nature of the medical evidence given at her trial, has been signed by 800 brokers and merchants of Liverpool. Judge Stephens has protested in court against the abusive letters addressed to the jury in the Maybrick case. He says he thinks they conscientiously did their duty.

Pleased With the Emperor and Prince.

BERLIN, Aug. 10.—The German and Austrian journals are highly delighted with the spirit of the speeches delivered by Emperor William and the Prince of Wales at the dinner given in London Wednesday by the Prince. The National Gazette of this city goes so far as to predict an alliance between England and Germany.

The Czar Will Visit Berlin.

BERLIN, Aug. 10.—It is expected that the Czar will arrive in this city on the 24th inst. and remain several days. He will be accompanied by the Czarowitz. During his stay the Czar will witness a parade of German troops. Emperor William and the Empress will afterward proceed to Kiel or Stettin to meet the Czarina.

Invites the Queen to Berlin.

LONDON, Aug. 10.—It is officially announced that Emperor William, on departing from Osborne, expressed to the Queen his utmost pleasure at the reception accorded him in England. He also expressed the hope that the Queen, responding to his strong desire, would return his visit by coming to Berlin.

BUSINESS STILL IMPROVING.

R. G. Dun Reports a Steady Advance in All Branches of Trade.

NEW YORK, Aug. 10.—R. G. Dun & Co.'s weekly review of trade says: "The changes in the business world during the week, though but slight, have all been in the right direction. There is a little better movement of products, some improvement in crop prospects, particularly in cotton, and with more confidence and strength in the stock market, less chance of disturbing withdrawals of specie for Europe. In manufactures all changes are in the direction of improvement, and reports from interior points indicate a volume of trade exceeding last year's, and steadily increasing. Of all cities reporting this week, scarcely one notes dullness in trade, and though business is "rather inactive" at Kansas City a better demand for money is seen. At Detroit while general trade is fair considerable building is in progress and collections slow in some lines are good in others. Omaha finds trade good, crops never better, and collections fair. Milwaukee notes excellent crop prospects, except for corn, and business good. Chicago rejoices in assurances of abundant crops and dealings in provisions exceed those of the same week last year by 50 per cent. At Philadelphia there is seen general improvement. At Galveston very favorable crop reports give strength. At Boston there is a significant hardening of the money market.

"The tendency of capital toward industrial combinations may naturally have been checked of late, and this would lessen the disposition to realize on good securities. During the week the treasury has taken in $1,000,000 more than it has paid out, but the merchandise exports from New York for the week were nearly 30 per cent above last year's with an increase of about 20 per cent in imports.

"The business failures number 201 as compared with a total of 210 last week, and 216 the week previous. For the corresponding week of last year the figures were 233."

IN DANGER OF THE INDIANS.

The Red Men Incensed at People Trespassing on Their Reservation.

THIEF RIVER FALLS, Minn., Aug. 10.—The announcement that the Red Lake reservation would soon be open for settlement has caused large numbers of people from Wisconsin, Dakota, and the adjoining Minnesota counties to squat upon valuable land on the reservation. The Indians have become incensed at the squatters and have been drinking heavily for several days. Last night they held a war dance and threatened to make a night raid upon the camp unless the whites left the reservation. Thief River Falls is seven miles from a railroad station, and its 250 inhabitants have become so alarmed at the outlook that they have asked for a company of troops to guard the town and remove the "too previous" settlers. The reservation cannot be legally entered for homestead or pre-emption in many months.

HUNGARIAN MINERS RIOT.

Unaware That the Coke Strike Has Been Settled in Their Favor.

PITTSBURG, Pa., Aug. 10.—Private dispatches from the Connellsville coke regions report that a gang of 400 drunken Hungarian coke workers are on a raid. They do not seem to understand that the strike has been settled in their favor, and this morning started out to close up the works in operation.

They first marched to Morewood and drove the men out and then went to the Alice works, where they also forced the men to quit work. When last heard from they were on their way to the Bessemer works. Considerable damage was done at Morewood and Alice, but no one was seriously hurt. Among the English speaking coke workers there is general rejoicing over the termination of the strike.

President Harrison at Bar Harbor.

BAR HARBOR, Me., Aug. 10.—The President received visits from the Hon. J. R. Thomas of Illinois, Baron Rosen, the Russian minister, Mr. Moses P. Handy, and several others, after which he went to drive. In the afternoon the carriage party took lunch at Major Aulick Palmer's cottage at Otter Bluff. Monday the President will go to Ellsworth and remain the guest of Senator Hale until Wednesday morning, when he will go to Bath and lunch with Mr. Arthur Sewall. Wednesday afternoon he will go to Manchester and spend the night with ex-Gov. Cheney. Thursday he visits Concord by invitation of the New Hampshire Legislature, and in the afternoon starts for Boston, where he expects to arrive in time to catch the Fall River train. Mrs. Harrison is expected to meet him in Fall River.

An efficient yet mild detergent without any of the objectionable properties of ordinary soaps, is what recommends the "IVORY" to intelligent and discriminating people. Its cheapness brings it within the reach of every one.

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the 'Ivory';" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

THE GAS MAIN EXPLODED.

TWO KILLED AND SEVERAL INJURED AT PITTSBURG.

A Peculiar Fatal Accident on the Street—Heavy Rain at Lafayette—Various Casualties.

PITTSBURG, Pa., Aug. 10.—There was a terrible explosion of a natural gas main on the South Side shortly after 6 o'clock last evening, which resulted in killing two men, fatally injuring two more, and seriously injuring some fifteen others. The accident was a peculiar one. Both & Flynn were testing a thirty-inch natural-gas main, which they had laid for the Monongahela Natural Gas company, with compressed air before turning on the natural gas. They ran the pressure up to 75 pounds to the square inch, when the dead cap on the end of the pipe blew out, scattering debris in every direction. Several hundred workmen employed in the iron mills near by were just returning home and a number of them had stopped along the trench to watch the experiment. They were struck by the debris and flying missiles. The pipe was braced with heavy timbers and these were hurled into the crowd with a terrific force. The workmen and spectators were thrown down by the force of the explosion and one of them was hurled against a brick house and his neck broken. The killed are:

JOHN MILLER, single, aged 25.
JOHN O'CONNER, single, aged 25.

Those seriously injured are:

JOHN GRENIER, married, terribly cut, bruised, and hurt internally, will die.
HENRY REICH, a boy, skull fractured and injured internally, will die.
JOHN BRANEY, a millwright, internally injured and head cut.
WILLIAM GREEN, badly cut and bruised, thought to have received internal injuries.
JAMES HENDRICK of St. Louis, Mo., both legs broken.

LAFAYETTE BADLY DRENCHED.

That Indiana City Visited by the Heaviest Rain for Many Years.

LAFAYETTE, Ind., Aug. 10.—The heaviest rain for many years fell here Friday afternoon, flooding and tearing out streets, filling cellars, covering electric street car tracks, and stopping the cars. In some places houses in the lower portions of the city were flooded and inmates were forced to leave. While individual losses are not great, the aggregate damage will amount to thousands. The railroad tracks were covered with mud and gravel, delaying trains.

A $65,000 FIRE.

The Wisconsin Central Round House and Contents at Ashland Burned.

ASHLAND, Wis., Aug. 10.—The Wisconsin Central railway company lost about $65,000 worth of property here Thursday night by fire. Shortly before midnight flames burst out of the oil-room of the company's round-house, having probably been started by an incendiary or by spontaneous combustion. The round house was half destroyed. It had just been completed and cost between $20,000 and $25,000. Four engines inside were destroyed. The loss on rolling stock was probably $40,000.

A Chicago Blaze.

CHICAGO, Aug. 10.—At 4 o'clock this morning fire was discovered on the third floor of the American block, a three-story brick building at 183 and 187 North Peoria street, occupied by John Anderson & Co. as a book printing and binding establishment, and before the flames could be subdued they had damaged thousands of books in a bindery, which was located on the third floor, also several valuable machines, and seriously injured the building. The entire loss is about $25,000, partly covered by insurance.

Killed in a Caboose.

SOUTH BETHLEHEM, Pa., Aug 10.—While a caboose, containing Conductor Otto Sandears, Brakeman Mark Christman, and William Garren, was standing on a side-track of the Lehigh valley railroad, near Penn Haven Junction, at 4 o'clock this morning and engine dashed into it, wrecking the caboose, killing Garren, and fatally injuring Christman. Garren was unmarried, and lived at Mauch Chunk. Christman has a wife three children.

MURDERS IN SOUTH CAROLINA.

The Palmetto State Given Over to Lawlessness.

CHARLESTON, S. C., Aug. 10.—The McDow verdict seems to be bearing its legitimate fruits, and the nimble pistol is once more at work in the Palmetto State. There have been a dozen or more shootings and stabbing affairs in the State within the last week. Some of these found their way to the public eye, but only in case where death resulted. The latest trouble occurred in Laurens county yesterday, when O. W. Lansford, a prominent citizen, shot and killed Barrett Langston. A feud between the Lansfords and the Langstons has been declared and both families are now on the warpath. In Bamberg trouble has arisen between the Prices and Stewards. In Charleston the colored man is following closely in the footsteps of his white brother, and is using the shotgun, pistol, and razor with lively effect.

More Charges Against Collom.

MINNEAPOLIS, Minn., Aug. 10.—J. Frank Collom was brought into court and a fourth complaint was entered by W. B. Anderson containing seven different counts, charging Collom with forgery of notes aggregating $22,000. The whole amount of forgeries complained of at this time amounted to $33,000 Bail was fixed at $10,000 in each case and Collom was remanded into custody in default of $110,000 bail for an examination next Tuesday.

Port-au-Prince Fired Upon.

NEW YORK, Aug. 10.—Mr. Preston, the Haytian minister, has received a cipher dispatch from Port-au-Prince, dated July 31, saying that Hippolyte had been keeping up a general attack on the city. On the 29th there were several hours' hard firing, and the next morning the attacking party retreated. Legitime lost two killed, and Hippolyte's losses must have been heavy.

Slew His Wife and Himself.

CHICAGO, Aug. 10.—A peculiar quarrel between Christian F. Harder and his wife Helen ended last night with the death of both, the husband killing his wife and then committing suicide. The tragedy occurred in front of Justice Leggett's court, at California avenue and Thirty-eighth street, in Brighton Park, where a family difficulty between the husband and wife had just been settled in her favor.

The Largest Woman in the World Dead.

LAFAYETTE, Ind., Aug. 10.—Mrs. Laura Wolford, colored, exhibited as a freak in museums, died at the hospital here of dropsy of the heart. Mrs. Wolford was 31 years old last Christmas, and weighed on her last birthday 904½ pounds. She was undoubtedly the largest woman in the world.

Hay Fever.

I have been a hay fever sufferer for three years; have often heard Ely's Cream Balm spoken of in the highest terms; did not take much stock in it because of the many quack medicines. A friend persuaded me to try the Balm, and I did so with wonderful success.—F. S. Geer, Syracuse, N. Y.

I can recommend Ely's Cream Balm to all hay fever sufferers, it is, in my opinion, a sure cure. I was afflicted for 25 years and never found permanent relief.—W. H. Haskins, Marshfield, Vt.

A Sound Legal Opinion.

E. Bainbridge Munday Esq., County Att., Clay county, Texas, says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died, had it not been for Electric Bitters.

This great remedy will ward off as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequaled. Price 50c. and $1 at F. Sherer & Co's Drugstore.

THE PULLMAN REGATTA.

ON THE TURF.

The Pacer Johnston Falls to Break His Record at Buffalo.

At Buffalo the racing meeting closed with threatening weather and a reduced attendance. Johnston, the phenomenal pacer, tried to break his Chicago record of 2:06¼, and made 2:08¾. The 2:33 trot class was won by Ketch in 2:22, and the 2:17 pace by Ed Annan in 2:16.

At Chicago the winners were Rambler, Unite, Lela May, Lucerne, Venture, and Contempt.

At Saratoga the following horses won: Elma D., Lady Pulsifer, Flitter, Sena, Lady Hemphill, and Frederica.

At Brighton Beach first money was taken by Clontarf, Newburgh, Raymond Speedwell, Bronzomarte, and Glory.

The Streator meeting closed, the 2:35 pace being won by Fred Arthur in 2:25¾, the 2:34 trot by Charlie K. in 2:30, and the 2:27 trot by Marus H. in 2:22½.

A MAGNIFICENT WHEAT CROP.

Minnesota and Dakota Will Yield 85,000,000 Bushels.

MINNEAPOLIS, Minn., Aug. 10.—Editor Rogers of the Market Record says the wheat crop in Minnesota and Dakota will reach 85,000,000 bushels, and perhaps 90,000,000 bushels, and Manager Robbins of the Northwestern Elevator company says it will be the best crop harvested in six years. These are the opinions of most grain men. The samples of wheat shown by the different elevator lines, from houses widely apart, show an almost uniform excellence. The kernel is bright and plump, in striking contrast to that of last year. There have been only about half a dozen cars of new wheat received in Minneapolis thus far, and it is sold at an advance of about 8 cents over offerings to arrive, 88 cents being the top figure. On one point grain men are unanimous, however. If no accident happens to the crop in Dakota and Minnesota in the next ten days there will be piled up in the granaries a magnificent crop of wheat, the quality of which has seldom if ever been equaled, the weight being sixty pounds to the bushel. It is expected that with no storms the crop in Minnesota will be harvested in ten days and in Dakota in fifteen days.

A Possible Steamship Race.

NEW YORK, Aug. 10.—What may prove an interesting race between twin screw steamships began at 2 o'clock yesterday afternoon at Queenstown, when the new giant of the White Star line, the Teutonic, and the Inman liner, the City of New York, started simultaneously for this port. Nobody here knows exactly what the Teutonic is doing, for the speed which she developed on her trial trip is kept a secret. If she is to break the record on her maiden voyage she will have to reach Sandy Hook before noon on Thursday next. Capt. Henry Parsell, formerly of the Britannic, will bring the big ship over.

Shaken, Broiled and Drenched.

These are three participles of English grammar. They are also the three successive conditions undergone every day, ever other day, or every third day, by the unhappy wretch heedless enough to allow fever and ague to fasten its clutches upon him. No need of it—none Hostetter's Stomach Bitter will and does prevent those who use it from every type of malarial disease, whether intermittent or bilious remittent. For nearly thirty-five years it has been a professionally recognized specific for and preventitive of these tenacious, maladies, not only on our own soil, but in tropical and equatorial lands where the scourge is prevalent at all seasons and in its worst forms Biliousness, dyspepsia, rheumatism, kidney complaint, nervousness and debility are also ailments to the complete removal of which the Bitters long since demostrated its adequacy.

THE WASHINGTON BUDGET

COMMISSIONER LYMAN REPLIES TO POSTMASTER PAUL.

The Milwaukee Official Again Scored—A Good Situation for Garland—Gossip of the Capital.

WASHINGTON, Aug. 10.—President Lyman of the civil-service commission has written a letter to Postmaster Paul of Milwaukee regarding the latter's communication of the 17th inst., in which the latter calls Mr. Lyman's attention to that part of the commission's report upon the Milwaukee office which relates to the construction put by Mr. Paul upon the letter of the commission, written in 1885, concerning certifications from the higher grade registers for the lower grade places, and to a reported interview with Mr. Roosevelt, in which he is made to say that this letter gave Mr. Paul permission to use the upper list to fill out vacancies in the lower in a special emergency. Says Mr. Lyman in conclusion: "All I wish to say is that it was because I was entirely familiar with the policy and practice of the original commission and of the commission as it has been constituted concerning certifications from the higher grade registers to the lower grade places, that I was willing to say in the report that you had put a wrong construction upon the letter of 1885, and I am sure that if the real facts had been stated to Mr. Eaton he would not have written you as he did, and that it was because of my thorough knowledge of all the facts disclosed by the records and brought to light by three investigations, and not because of my ignorance of those facts, that I was willing to sign the report and did heartily sign it and approve of the strong language of censure and condemnation which it contained."

A Position for Mr. Garland.

WASHINGTON, Aug. 10.—Several attempts were made by newspaper men today to ascertain whether the report that ex-Attorney-General Garland has been tendered the position of special counsel for one of the great Pacific railway companies is true or not, but the rumor could not be run down. It is learned, however, that the Union Pacific has for some time exhibited symptoms of dissatisfaction with its representative in this city, and a change was decided upon. Ex-Attorney-Genral Garland, the story goes, has been offered this position at a salary of $25,000 a year. He will, if he accepts, be located in Washington, and his business will be that of a railroad attorney, whose principal duty is to prevent unfavorable legislation toward the road employing him. The current of opinion here among the attorney-general's friends is that the story is true.

Distress at Samoa.

WASHINGTON, Aug. 10.—Under date of July 11 Rear-Admiral Kimberly reports from Apia, Samoa, that the fathers of the Catholic mission there had requested help from him to relieve the pressing want of food then existing. The admiral does not apprehend any loss of life from famine, except possibly among the old and feeble, as there are cocoanuts sufficient to exist on now, and these will soon be helped out by the approaching harvest of bread fruit, and later by bananas. From a translation of the letter from the Catholic fathers to Admiral Kimberly, soliciting aid, it appears that there are 160 students in attendance at their college at Apia. The fathers say that they have 450 people under their charge for whom succor is necesesary.

Legitime Pays Uncle Sam Indemnity.

WASHINGTON, Aug. 10.—The following letter was received at the navy department from Admiral Gerhardt, at Port-au-Prince, dated July 25:

"The Legitime government has delivered to the United States minister $7,500 as compensation for the seizure and detention of the steamer Ozama. This money is now aboard this vessel with a view to its safe-keeping and at the request of the minister, subject to the orders of the State department."

Western Boys for Military Cadets.

WASHINGTON, Aug. 10.—The following cadets from Western States have been appointed at the military academy: Thomas B. Henley, Rushville, Ind.; M. B. Gore, Gainsboro, Tenn.; George Thomas Patterson, North Platte, Neb.; and Allen P. Brown, Schuyler, Neb., alternate; William Barkley, Channute, Kas.; Walter P. Pillsbury, Oskaloosa, Iowa; Edmund J. Timberlake, Jr., Lexington, Tenn.; William McMullen, Bowles, Vienna, Mo., and Frank C. Bolles, Rolla, Mo., alternate.

Allowed $12,000 Pension Arrears.

WASHINGTON, Aug. 10.—The pension case of Richard Whiting, drawing $8 a month, has been reopened, and under a decision of Assistant Secretary Bussey of the Interior Department, the pensioner has been granted $72 a month and pension arrears from the date of his discharge in 1865, aggregating about $12,000.

Guarding Against Yellow Fever.

WASHINGTON, Aug. 10.—Ex-Mayor Cobb of Pensacola, Fla., writes to the surgeon-general complaining of the large number of smuggling vessels that arrive on the coast and suggesting, as they come mostly from Cuba, where yellow fever is prevalent, that the disease may be thus brought over to Florida and distributed through the United States.

Courtesy to Mexican Exporters.

WASHINGTON, Aug. 10.—Acting Secretary Batchellor has authorized the Collectors of Customs at Eagle Pass and Corpus Christi, Texas, to allow Mexican ores actually on the cars in course of transportation from Mexico prior to the receipt by them of the new regulations to pass under the regulations in force prior to that date.

To Complete Uncle Sam's Navy.

WASHINGTON, Aug. 10.—A special meeting of the naval advisory board has been ordered for the 23d inst. This is the board appointed to suggest to Secretary Tracy the outlines of a plan for the completion of the navy.

All True, but It Can't Be Helped.

DES MOINES, Iowa Aug. 10.—The railway commission have rendered a decision in the complaint of the Burlington and Davenport shippers against the Chicago, Rock Island & Pacific and the Burlington, Cedar Rapids & Northern railways. The commission find most of the charges to be true, but hold that the law does not give them the power to [compel] railways to operate a joint tariff. They hint that such a proceeding would be unconstitutional and base their opinion on a recent decision in a Massachusetts case.

Heavy Failure in the Northwest.

ST. PAUL, Minn., Aug. 10.—Col. J. Ham Davidson, an executor of the estate of the late Commodore Davidson of this city, has assigned. His liabilities are said to amount to $100,000 and the assets, consisting largely of St. Paul real estate, will more than cover that amount.

WOMEN WITH PALE COLORLESS FACES who feel weak and discouraged, will receive both mental and bodily vigor by using Carter's Iron Pills, which are made for the blood, nerves and complexion.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. A GOOD HONEST MEDICINE.
THE STORY OF A YEAR.

PHOTOGRAPH FROM LIFE TAKEN ONE YEAR AGO.

PHOTOGRAPH FROM LIFE AS SHE NOW APPEARS.

The above bright and benevolent face, is Dr. A. W. Acker, of England, discoverer of the celebrated Acker's English Remedy for Consumption and other popular preparations. Dr. Acker practised in his younger days among the middle classes of London, and was the means of doing great good, but his health failed and he found himself in the grasp of consumption, with a wife and child depending upon him for support. While in this condition, he discovered the celebrated English Remedy, saved his own life and has since saved the lives of thousands who were on the sure road to death. Any man or woman who feels a tickling in the throat, who coughs, especially in the morning, who raises or has a tight feeling across the chest, who has sharp shooting pains through the lungs or difficulty in breathing, should realize that these are *the first symptoms of consumption* which, if neglected, are sure to result fatally. Dr. Acker's English Remedy has cured more than one thousand people who were unquestionably had consumption and were given up by their friends. It merits popularity and is sold by reputable druggists in every city and town in America. *You can't afford to be without it.*

"Look on this picture and then on that." The above faces are exact reproductions of photographs taken from life of Mrs. Morton D. Harlan, who resides at No. 55 West 25th Street, New York City. The first one was taken in November, 1887, while in the last stages of consumption, abandoned by physicians and mourned by friends. The other was taken in December, 1888, when completely recovered, and entirely through the use of Dr. Acker's English Remedy for Consumption. The above pictures are wood cuts, but they are true to life and the original photographs, taken from life, can be seen at all the drug stores. Mrs. Harlan's consumption began as consumption usually does, with a cough in the morning, raising of phlegm, tired and depressed feelings, a lack of appetite, the loss of flesh and pains throughout the body. She did not realize her extreme danger until it became almost too late, but she is in perfect health to-day. Dr. Acker's English Remedy for Consumption is sold by all reputable druggists. *You can't afford to be without it.*

COLUMBIA, S. C., July 7, 1888—The Swift Specific Co., Atlanta, Ga.—Gentlemen: I was a great sufferer from muscular rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took over a dozen bottles of your S. S. S., and now I am as well as I ever was in my life. I am sure your medicine cured me, and I would recommend it to any one suffering from any blood disease. Yours truly,

WACO, TEXAS, May 9, 1888—Gentlemen: The wife of one of my customers was terribly afflicted with a loathsome skin disease, that covered her whole body. She was confined to her bed for several years by this affliction, and could not help herself at all. She could not sleep from a violent itching and stinging of the skin. The disease baffled the skill of the physicians who treated it. Her husband began finally giving his wife Swift's Specific, and she commenced to improve almost immediately, and in a few weeks she was apparently well. She is now a hearty fine-looking lady, with no trace of the affliction left. Yours very truly,

CREAM OF THE NEWS.

MAX YOUNG, jobber in watches and jewelry at 170 State street, Chicago, has made a voluntary assignment. Assets, $17,000: liabilities $25,000.

A LARGE number of cattle have been dying off in north Hancock county, Ill., recently from some unknown disease.

THE Western Wholesale Grocers' association met at Spirit Lake, Iowa, with about seventy-five members in attendance.

ASTRIEL BROTHERS of Lancaster, Pa., the largest dealers in millinery in this country, have failed for $50,000. The assets equal the liabilities.

SECRETARY SHAFFER says the racing entries for the Iowa State fair were closed with 80 entries of the finest horseflesh that was ever booked to appear on the Iowa race course.

IT is reported on excellent authority that J. B. Weaver will not re-enter Iowa politics, at least as a candidate during the present administration.

W. L. SCOTT of Pennsylvania has written Congressman Frank Lawler that he is willing to meet him and the committee to settle the mining troubles at Spring Valley, Ill.

THE twenty-fifth anniversary of the discovery of the Bethesda spring at Waukesha, Wis., was celebrated with a procession, speeches, an exhibition drill and a reception.

Sundry Mishaps.

THE steamer Van Meter was burned at Lowell, Ohio, on the Muskingum river. Loss about $4,000; insured for $2,500.

MRS. N. PREMAN and her 12-year-old daughter were killed by lightning near Piper City, Ill. A 7-months babe in the mother's arms was not injured.

AT Edison, Ohio, fire destroyed several business blocks. Loss, $25,000.

Criminal Matters.

CHEE YONG, a Chinaman, was hanged at Portland, Ore., for the murder of Lee Yick. He made a speech protesting his innocence.

CHARLES THRIFT, aged 20, disappeared from Fairmount, Ind., and next day his body was found in the Mississinewa river, near Jonesboro. His mind had been unbalanced by hard study and it is believed he committed suicide.

DR. WILLIAM H BRADLEY, manager of the Weekly Press of Philadelphia, has been arrested on a charge of embezzlement preferred by the Press company.

Foreign Notes.

THE Austrian government in reply to Greece's note in the Cretan question admits the difficulties of the situation in Crete, but objects to the action proposed by Greece.

THE Cretan insurgents have appointed seven delegates to confer with Riza Pasha, the governor at Canea.

PEDRO SARDINA, the proprietor of a plantation near Havana, Cuba, has been kidnaped by banditti. Melllon Martin was surprised by banditti on his plantation near Matanzas and robbed of $3,000.

IN the trial of Boulanger the procureur-general declared he could prove the charge of conspiracy against the General.

Obituary.

BENJAMIN MCLEAN, for twenty years a resident of Kansas City, died suddenly at Minneapolis. He was very wealthy.

MRS. MARY CROSIER, wife of Harlem Crosier, one of the early settlers of Napierville, Ill., is dead. Mr. and Mrs. Crosier recently celebrated their golden wedding.

JUDGE WILLIAM F. BULLOCK died at his son's home near Shelbyville, Ky. He was one of the founders of public schools in Kentucky, having presented the first bill for their establishment. He also drew up in 1858 the bill for the establishment of the first school for the blind south of the Ohio.

To-Night and To-Morrow Night.

And each day and night during this week you can get at all druggists' Kemp's Balsam for the Throat and Lungs, acknowleged to be the most successful remedy ever sold for the cure of Coughs, Croups, Bronchitis, Whooping Cough, Asthma and Consumption. Get a bottle to-day and keep it always in the house, so you can check your cold at once. Price 50c and $1.00. Sample bottles free.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c. and $1.00. We certainly would advise a trial. It may save you from consumption.

LORD BEACONSFIELD'S DEBTS.

How He Was Aided in His Political Aspirations by Mrs. Wyndham Lewis.

Lord Beaconsfield was a poor man all his life, says a writer, in Frank Leslie's Magazine, for the reason that until shortly before his death he had paid off his early liabilities. The fortune left him by Brydges Williams cleared them off and he paid every penny he owed. Lady Beaconsfield's fortune was hers only for life and she was not able to leave him anything of importance; but in the early part of his married life she assisted him with his election expenses, and except for his marriage the probability is he could never have stemmed the tide of money difficulties which always hampered him.

In the first days of their friendship Lady Beaconsfield must have helped him largely, for a circumstantial story was told by the Conservative agent at Maidstone—for which place Lord Beaconsfield sat—that at his first election, when things looked bad for the Conservative candidate and the Liberals were spending their money freely, Mr. Disraeli came into the garden behind the Star hotel, the Conservative headquarters, and, throwing himself down on the grass, declared that he should be beaten, and that if so his career was over and he was ruined. Mrs. Wyndham Lewis, who was sitting there, attempted to cheer him and raise his hopes but finding that course unsuccessful she took the Conservative agent aside and giving him a large sum of money, said: "Spend that and more if you want it—all that is necessary, but Mr. Disraeli must be returned." Mr. Disraeli was returned by a large majority and if the truth was known no doubt Mrs. Wyndham Lewis paid still more highly for the privilege of getting him in.

IT SWALLOWED THE MAN.

The Strange Discovery of Two Skeletons Down in Texas.

A strange discovery, one that is causing the thoughtful to ponder over the unwritten past, has been made by a French citizen near Gainsville, Texas. Having occasion to sink a well Mr. Sommes, the Frenchman in question, selected a spot in a valley near a ravine of great length and which, during heavy rains, is transformed into a raging torrent, depositing in the valley limestone, gravel, mud, and other debris. After reaching a depth of four feet, and while in a formation of limestone gravel that had continued almost uninterruptedly from the surface down, Mr. Sommes came upon the vertebrae and ribs of an animal. The ribs were about the size of a small pig's and rapidly tapered.

Carefully unearthing the bones toward the tapering end, Mr. Sommes came to the rattles, which, when counted, numbered seventeen, the largest measuring six inches across. Attracted by the strange find, the neighbors gathered in, and the work of unearthing the monster was prosecuted with vigor. After laying bare nineteen feet of the remains of the monster of other times, imagine their consteration at finding the entire skeleton of a man of tremendous stature in the stomach of the skeleton of the snake. The remains of the man and as far as the serpent has been exhumed, are as perfect as when first denuded of the flesh, and were doubtless covered by lime and gravel soon after death. Near the benes of the man's right hand is a rude stone hatchet, which a local geologist of some repute reports to be similar to the handiwork of paleolithic man.

Where Bears Roam the Streets.

Mr. T. W. Blackhart, of Helena, Montana, says Montana is full of large game, and is the finest hunting ground in the United States. He tells the following bear story, and says it is no fish yarn either. A short time ago he was at Cook City, a small town in southern Montana, adjoining the Wyoming line and Yellowstone Park. While he was there a party of hunters who had been out only three days returned. During that brief absence they killed fifty-six bears, grizzly, cinnamon and black, and brought with them the fresh skins as evidence. Last autumn five big bears were killed in the streets of the town, having come down from the mountain, probably with the intention of making a good meal off the inhabitants. In the mountains the grizzly bears are exceedingly numerous, very ferocious, and more frequently the hunter than the hunted.

Tanner's Fast Outdone by a Dog.

A Bristol dog which was found in a deserted barn recently had survived six weeks without food. The dog is a valuable setter and was lost six weeks before after Mr. Bruden had been at a furniture sale. The furniture dealer had locked the dog in his barn and left the town. People in the neighborhood heard the dog barking for two weeks, and then heard him no more. After a fruitless search in every other direction Mr. Bruden thougt of the furiture dealer's barn, and looked in there as a last chance. Here he found the setter as thin as a shad and too weak to stand up. He however, soon revived under the stimulating effects of a three-pound beefsteak, and is now well.

How They Catch Fish in Georgia.

Last Monday morning says the Abbeville Times, it was our pleasure to go a-fishing with a party on Alapaha, near Grover, and see how fish are caught the "new way." From four to six men go into the water with a log in front of them, and a sheet with one edge on the log and the other edge held up by the men so that the fish can't jump over, but fall on the sheet. The log is pushed along to the land and when near it the fish begin to try and make their escape back to deep water by jumping. If they fail to make a good leap they lodge on the cloth, thereby becoming victims of their own destruction. It is amusing to see how they jump. It is supposed that about 800 pounds were caught.

A Big Mouth.

Elberton, Ga., has a curiosity in the form of a colored boy. His advantage lies in the unusual size of his mouth. He can put a large baseball in this organ, and then have room for his hands to pull it out.

Criminal Statistics.

An examination into the habits of French criminals shows that 70 per cent of vagabonds, about 50 per cent of assassins and incendiaries, 50 per cent of those guilty of immoralities, 71 per cent of thieves of the common sorts, 88 per cent of those guilty of assaults, 77 per cent of fraudulents, were drunkards. It was also found that of those under 20, as compared to those over 20, the number of drunkards was quite as great. These statistics only confirm those gathered from our own prison life. Criminality, as a rule marks a low grade of vitality, which finds it easy to resort to stimulants and narcotics. It may be set down as a confirmed fact that to cure vagabondage and criminality, as well as drunkeness, the vitality of the victim must be improved.

The Wealth of France.

During the debate on the French budget M. Rouvier, the Minister of France, adduced facts to show that France was by no means on the verge of ruin. Public wealth and prosperity, he said, had grown as well as the budget. Deposits at the banks amounted to 910,000,000 francs, and the capital embarked in shares and other French industrial undertakings showed since 1876 an increase of 7,000,000,000 francs. The deposits in the savings banks amounted to 2,228,000,000 francs, belonging to 7,492,000 depositors. This was a sufficient answer to the gloomy picture that had been drawn of the situation.

A Tremendous Sensation

would have been created one hundred years ago by the sight of one of our modern express trains whizzing along at the rate of sixty miles an hour. Just think how our grandfathers would have stared at such a spectacle! It takes a good deal to astonish people now-a-days, but some of the marvelous cures of consumption, wrought by Dr. Pierce's Golden Medical Discovery, have created wide-spread amazement. Consumption is at last acknowledged curable. The "Golden Medical Discovery" is the only known remedy for it. If taken at the right time—which, bear in mind, is not when the lungs are nearly gone—it will go right to the seat of the disease and accomplish its work as nothing else in the world can.

Plunkett Said to Be Alive.

SAN FRANCISCO, Cal., Aug. 10.—The Chronicle claims to have discovered that Thos. F. Plunkett, who mysteriously disappeared from Hartford, Conn., Aug. 28, 1888, and whose supposed death in Mexico was telegraphed last April, is alive and a resident of the City of Mexico. At the time of the disappearance Plunkett was president of the Hartford Silk manufacturing company, and later investigation showed that he was a defaulter in the sum of $300,000. The Chronicle states that several letters have been received here from Plunkett lately.

Jackson Knocks Out McCormack.

NEW YORK, Aug. 10.—Peter Jackson, the Australian, and "Ginger" McCormack of Jersey City sparred one round and a half last night in a Hoboken theater, McCormack being knocked out with a left-hander on the jaw.

WHILE a passenger train on the Pittsburg & Western railroad was rounding a curve near Edensburg, Pa., the whole train left the track and the cars turned over. Most of the passengers were more or less injured, but none seriously.

Excursions to Chatauqua Lake N. Y.

At intervals, during July and August, the Chicago & Northwestern Railway Company will sell excursion tickets to Chautauqua Lake, New York, and return at very low rates. These tickets are first-class, and will be good returning sixty days from date of sale. For full information, apply to agents of Chicago & Northwestern Railway, or address E P. Wilson, General Passenger Agent, Chicago, Ill.

HARVEST EXCURSIONS.

The Chicago, Milwaukee & St. Paul railway company have made arrangements for several harvest excursions through the far west. The fare on these excursions will be one fare for the round trip. Tickets will be sold on August 6th and 20th, September 10th and 24th and October 8th, good for thirty days from date of sale, stop over privileges to be granted at any point west of the Mississippi river. These excursions will reach points in western Minnesota, Dakota, Iowa, Montana, Nebraska Colorado, Arkansas, Texas, Indian Territory, New Mexico, Arizona and Idaho. This affords our people an excellent opportunity to visit these states and territories at a small expense.

DR. B. MINCER, the eminent optician of Detroit, Mich, will visit every town in this county during the summer. Anyone suffering with weak eyes, or eyes abused by inferior glasses, should not fail to see him. Orders left at the postoffice will be promptly attended to. Further Great Cures of Skin Diseases by the Cuticura Remedies.

BOY ONE YEAR AND A HALF OLD. FACE AND BODY IN A TERRIBLE CONDITION, BEING COVERED WITH SORES. SULPHUR SPRINGS FAIL. CURED BY CUTICURA REMEDIES.

I have used your Cuticura Remedies in two cases where it proved to be successful. The first was in the case of a boy a year and a half old. His face and body were in terrible condition, the former being completely covered with sores. I took him to the Massena Sulphur Springs, but he did not improve any. I was then advised to try the Cuticura Remedies, which I did. He took one and one half bottles of Cuticura Resolvent, when his skin was as smooth as could be, and is to-day. I used the Cuticura on his sores and the Cuticura Soap in washing him. He is now five years of age, and all right. The other case was a disease of the scalp, which was cured by washing with Cuticura Soap and rubbing in Cuticura, one bottle of Cuticura Resolvent being used. They have proven successful in every case where I have advised the use of them. It is surprising how rapidly a child will improve under their treatment. I recommend them for any disease of the skin as being the best in the world. This is my experience, and I am ready to stand by my statement.

AN UNBEARABLE SKIN DISEASE CURED.

I have been afflicted since last March with a skin disease the doctors called Eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. Seeing your Cuticura Remedies so highly recommended, concluded to give them a trial, using the Cuticura Soap externally, and Resolvent internally for four months. I call myself cured, in gratitude for which I make this public statement.

Sanfford's Radcal Cure For Catarrh.

Cure Begins from First Application, and is Rapid, Radical, and Permanent.

It is the mucous membrane, that wonderful semi fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stronghold. Once established, it eats into the very vitals, and renders life but a long drawn breath of misery and disease, dulling the sense of hearing, trammeling the power of speech, destroying the faculty of smell, tainting the breath, and killing the refined pleasure of taste. Insidiously, by creeping on from a simple cold in the head it assaults the membranous lining and envelopes the bones, eating through the delicate coats and causing inflammation, sloughing and death. Nothing short of total eradication will secure health to the patient, and all alleviative are simply procrastinatinated sufferings leading to a fatal termination. Sanford's Radical Cure by Inhalation and by Internal administration have never failed: even when the disease had made frightful inroads on delicate constitutions, hearing, smell and taste have been recovered, and the disease thoroughly driven out.

SANFORD'S RADICAL CURE FOR CATARRH consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and IMPROVED INHALER, neatly wrapped in one package; with full directions; price, $1.00. Sold everywhere. POTTER DRUG AND CHEMICAL CORPORATION, BOSTON.

THE DOG AND THE SHADOW

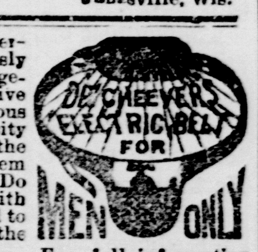

A DOG, crossing a bridge over a stream with a piece of flesh in his mouth, saw his own shadow in the water, and took it for that of another Dog, with a piece of meat double his own in size. He therefore let go his own, and fiercely attacked the other Dog to get his larger piece from him. He thus lost both. —*Æsop's Fables.*

IT ALWAYS PAYS to hold on to a good thing. People who have tried Santa Claus Soap hold on to it because it is good. Some may think that because there are other Soaps that give more in bulk for the money, that they are cheaper; but such bulk is made up with rosin. When quality is sacrificed for quantity, such soap is not cheap at any price. Santa Claus Soap is the best, and is sold by all grocers. It is made only by

THIRD POINT
You should read the CHICAGO DAILY NEWS because it's *an independent newspaper.* There are two sides to every political question, and THE DAILY NEWS gives them both with equal fairness. A party organ magnifies one side and dwarfs the other. No sensible man wants to be trifled with in this fashion. The time has gone by when American citizens expect to inherit their political opinions. They want to make their own—and to do this they want a paper to tell them the truth, regardless of their own personal preferences. If you are an honest man, independent and self-reliant in thought, read an honest and independent newspaper—read The CHICAGO DAILY NEWS.
Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day.*

TO MONTANA, OREGON AND WASHINGTON.

If you are going west bear in mind the following facts: The Northern Pacific Railroad owns and operates 987 miles, or 57 per cent. of the entire railroad mileage of Montana; spans the territory with its main lines from east to west; is the short line to Helena; the only Pullman and dining car line to Butte, and is the only line that reaches Miles City, Billings, Bozeman, Missoula, the Yellowstone National Park and, in fact, nine-tenths of the cities and points of interest in the territory.

The Northern Pacific owns and operates 621 miles or 56 per cent of the railroad mileage of Washington, its main line extending from the Idaho line via Spokane Falls, Cheney, Sprague, Yakima and Ellensburg, through the center of the territory to Tacoma and Seattle, and from Tacom to Portland. No other transcontinental through rail line reaches any portion of Washington Territory. Ten days stop over privileges are given on Northern Pacific second class tickets at Spokane Falls and all points west, thus affording intending settlers an excellent opportunity to see the entire territory without incurring the expense of paying local fares from point to point.

The Northern Pacific is the shortest route from St. Paul to Tacoma by 207 miles: to Seattle by 177 miles, and to Portland by 324 miles—time correspondingly shorter, varying from one to two days, according to destination. No other line from St. Paul or Minneapolis runs through passenger cars of any kind into Idaho, Oregon or Washington.

In addition to being the only rail line to Spokane Falls, Tacoma and Seattle, the Northern Pacific reaches all the principal points in Northern Minnesota and Dakota, Montana, Idaho, Oregon and Washington. Bear in mind that the Northern Pacific and Shasta line is the scenic route to all points in California.

Send for illustrated pamphlets, maps, and books giving you valuable information in reference to the country traversed by this great line from St. Paul, Minneapolis Duluth and Ashland to Portland, Oregon, and Tacoma and Seattle, Washington, Territory, and enclose stamps for the new 1889 Rand McNally County map of Washington Territory, printed in colors.

—The H. and M. B. Club will enjoy a lawn social on Tuesday evening of next week at the home of Mr. Wm. Oleland, 4 Lincoln street.

—Romaine Holdredge, who has been spending the past week visiting friends in this city, left on the morning train for his home in Chicago.

—Miss Electa Potter, a former teacher in the public schools, now of Minneapolis, is visiting in the city, the guest of Mrs. Luther Clark, 152 Locust street, Fourth ward.

—Concert by the Bower City Band a Mayflower Park on Sunday afternoon. Fare for the round trip—Gents, 25 cents; ladies 10 cents.

—The Terpsichorean club and their friends had a gala time at Crystal Springs last evening, Smith and Anderson furnished the music.

—Remember the social dancing party given by the N. O. W. club at Burr Springs on Tuesday evening, August 13. It is the last of the series.

—A union service of the city churches will be held at the First M. E. church to-morrow evening. The pastor, Rev. M. Evans, will preach the sermon.

—Mrs. W. H. Bonesteel and two children have gone to LaValle, Wisconsin, to spend a short time with her husband who is engaged in building a large mill in that city.

—R. W. Blakely came to the city from Camp Douglas last evening. He spent the night with friends in the city, and left on the morning train for his home in Darlington.

—Miss Jessie Smith, of Syracuse, New York, who has been the guest of Mr. and Mrs. Richard M. Valentine, this city, left last evening for a visit at Minneapolis, Minnesota.

—Base Ball at the ball park to-morrow. The competitors will be the Haye's "Aggregation" and probably the Edgerton nine. Remember the Johnstown disaster.

—The case of Martin Garvin vs. Capital Tobacco Company for a judgment for services rendered, came up before Justice Prichard to-day and was adjourned until August 19th.

—The Condutors excursion to Oshkosh August 18th, should be well attended. The people of Oshkosh are making extensive preparations to receive and entertain all who go.

—Postmaster C. E. Bowles has forwarded his official bond to Washington for approval, and has recommended the appointment of Miss M. Louise Peterson as assistant postmaster.

—The suit of Meadley & Cleary of Chicago, vs. James Madden, was on trial before Justice Prichard this afternoon. The case involved a discussion concerning the signature of a check.

—Mr. and Mrs. W. T. Tallman, Geo. Cummings, Miss Anna Cummings and George Tallman left to-day for the vicinity of Crystal Springs, where they will spend a few weeks in camp life.

—Tickets for the conductors excursion to Oshkosh, August 18, can be purchased at King & Skelly's, Palmer & Stevens, and J. W. Brown's cigar store. Fare for the round trip only $1.50.

—Miss M. Dell Burdick, daughter of County Treasurer Burdick, Miss Eda Crandall and Mrs. George Boss, of Milton, and Miss Mille Evans, of Racine, are enjoying an outing at Fontana Park, Geneva lake.

—"How can you expect to have nice smooth ice to skate on where the water is all snarled up," said "Young America" to his father as he watched the waves on Lake Geneva during a recent thuder storm.

—The dance at James Hopkins & Son's barn last evening was well attended. Tuckwood's orchestra furnished the music. The merry dancers did not depart for their homes until an early hour this morning.

—The familiar face of Uncle Thomas Lappin was seen on the busy streets this morning. Mr. Lappin's health is slowly improving and his many friends sincerely hope that he will speedily regain health and strength.

—Conductor Neal Mahoney is taking a two weeks vacation from his regular work to make preparations for the conductors' excursion. Nothing will be left undone which would add to the comfort of those who attend.

—Captain Buchholz is making arrangements for a grand concert to be given at Crystal Springs August 18th. The Milton Cornet Band has been engaged to furnish the music. This is one of the best bands in the state.

—A horse was reported to have been killed by the cars at Monterey last night. It was a very close call, but the train stopped just in time to save the animal's life, and the horse and man both escaped without a scratch.

—At the regular meeting of St. Patrick's T. A. & B. Society, to be held at their rooms at 7:30 o'clock to-morrow evening, a full attendance is requested, as business matters of importance will come before the meeting.

—Janesville Campers at Camp June, Clear lake, broke camp yesterday and returned to the city last evening. They report an excellent time and that Clear Lake is the best place in the world at which to take a vacation.

—Men are practicing at the fair grounds every day for the mile running race at the Caledonian picnic. A number of professional runners from out of town will participate in this contest which will be one of the most interesting on the programme.

—The Mutuals defeated the Mineral Point boys yesterday, on the grounds of the latter, by a score of 15 to 4. McGinley and Doherty were the battery for the Mutuals, and Jacks and Horn for the home team. The Mutuals returned home this afternoon.

—The case of G. T. Murtaugh, vs. Capital Tobacco Company, came up before Justice Prichard this morning. Dr. Henry Palmer and Stanley B. Smith were garnisheed. A motion was made by defendant to have the garnishees dismissed. The case was adjourned until Aug. 19.

—Died—last evening, at nine o'clock, of cholera morbus—the infant daughter of Mr. and Mrs. Howard Deitwiler, 304 Cherry street. Funeral services will be conducted at the house, to-morrow afternoon at three o'clock, by Rev. M. Albrecht, and the interment will take place at Oak Hill cemetery.

—The infant daughter six months old of Mr. and Mrs. Ferdinand Venturim, 167 West Milwaukee street, died very suddenly yesterday at 11 o'clock a. m. The funeral services were conducted at St. Mary's church at 9 o'clock this morning by Rev. Father Roche at the conclusion of which the remains were taken to Mt. Olivet cemetery for interment.

—Mr. Garrett Veeder, of the Signal, publishes a notice in the current issue of that paper, announcing that Mr. E. M. Handy, formerly a publisher at Edinburg, Indiana, has purchased a half interest in the Signal establishment, and will be heard from next week. He will be a welcome resident of our city, and the Gazette wishes him signal success.

—Superintendent W. W. Collins, of the Mineral Point and Prairie du Chien Division C. M. & St. P. railway, passed through the city this morning in his private car attached to the train from Milwaukee. Mr. Collins has just recovered from a severe attack of pneumonia, and this is his first trip of inspection since his sickness.

—The Hotel Irvingwood is one of the pleasantest resorts in southern Wisconsin. The proprietor is one the wealthy residents of Delavan and has left nothing undone which will add to the comfort of his guests. Everything about the house which has just been completed, is as neat as can be. It is very probable that this will become a popular resort for our Janesville people as it is better known.

—Ford & Crossett's flour came to the front at Whitewater yesterday. A procession of some twenty grocery wagons, headed by a band and loaded with Janesville flour, paraded the streets. It seems that the millers of Whitewater made an effort to prevent foreign flour from being shipped in. The grocers combined against the deal and broke the combination with a carload of Ford & Crossett's flour, yesterday.

—Two boys were seen with long toothed rakes in their hands on the depot platform of the M. & St. P. Ry., this morning. They were very earnestly engaged in conversation. The chief subject of conversation was the pearls at Albany. They took the morning train for that city and will "make a haul" even if they have to resort to the use of a fine tooth comb.

—The Rev. J. M. Toohey, vice president of the college of the Sacred Heart, Watertown, will preach to-morrow at St. Patrick's church. The Rev. Father is in the interests of the college, and will remain until Tuesday noon. Parents contemplating giving their children a thorough education in the Commercial or Classical course, will do well to call on Father Toohey. He will be found at the residence next to St. Patrick's church.

—A remarkable chapter of Napoleonic history will appear in the September Century, consisting of letters and journals of British officers describing Napoleon's voyage to Elba, also to St. Helena. The first part of the article is a letter written by Captain Ussher, who commanded the Undaunted, which took the exile to Elba; the last part is by Lieutenant Mills, of the Northumberland, and consists partly of a diary which the young lieutenant kept while on the way to St. Helena in the same ship with the ex-emperor. Napoleon talked quite freely about some of his plans—especially with regard to the French navy—told a number of stories, and explained various points in his own career.

—An alarm of fire was turned in from box 21, located at the corner of North Main and Fourth avenue at 2:50 o'clock this afternoon, calling the fire department to the residence of Mr. Timothy Sullivan at the corner of North Bluff and Sheldon streets, near the gas works. The department responded quickly and the fire was extinguished with but a few dollars damage. The fire originated from an overheated stove, which set fire to some siding and to some shingles. Four or five dollars will repair the building. Insurance not ascertained. The patrol wagon mistook the number shown by the indicator and made a wild run down South Main street to box 31, but returned in good time and flew up to the scene of the fire. Mistakes occur sometimes, as the girl said, in the best regulated families.

—A German who could speak English enough to be understood just a little, arrived in the city from Chicago this morning. He gave the ticket seller to understand that he was in search of his wife. She left him with four children and came to Janesville with another man. He seems to be pretty confident that his wife is in the city working in one of the cotton mills, and that he can find her. He is a lank, tall, foreign, troubled looking individual, evidently about thirty years of age, and his wife has made him so much trouble, and he takes this affair so much to heart that if he does not succeed in finding her he will doubtless jump over the dam, off from the Monterey bridge, get drunk or do something desperate. "Mine frow is no goot. I vould loike to get dot man," said the unfortunate, as he came down the street. "I vould make dot chap pelieve de moon vas ma dot sour grout, by gosh ef I gould got a look of his face. When last seen the poor fellow had got no clue of the whereabouts of his wife.

—The Omaha World-Herald, August 2d, contains a lengthy and illustrated description of the new water works system just completed in that city. The engineering work of this plant has been under the charge of Captain Edward Ruger, of this city. The works are considered one of the most complete in the United States, and are unlike any other system, in that the water is taken from the Missouri river, and by means of a system of "settling" basins, the water is purified before it is pumped into the mains for use. The construction of these basins and reservoirs for purifying is considered a magnificent piece of engineering skill, costing the company about $1,500,000. The water is pumped into the mains by a Gaskell engine having a capacity of 15,000,000 gallons in 24 hours, rating the piston speed at 120 feet per minute. The engine has a 24 foot "fly-wheel" weighing 50 tons, and is said to be the largest engine west of the Mississippi. At the banquet following the completion of the works, Captain Ruger was highly complimented for the engineering skell put forward by him in the construction of the plant, and the leading men of Omaha rejoiced at the success of the great enterprize.

THIRD ORGAN RECITAL.

MRS. BINTLIFF WILL GIVE THE THIRD IN THE SERIES.

The next organ recital to be given by Mrs. J. W. Bintliff will be held at the Congregational church on Tuesday evening, August 13th. The selections for the recital will be both popular and classical and cannot fail to please all those who attend. Following is the programme:—

Harvest Thanksgiving March..J. Bapiste Calkin
Communion in F........Grison
Cavatina........Raff
Request........Franz., arr. Clarence Eddy
Psyche Gavotte........Bischoff
Elevation in Ab........Guilmant
Nocturne—From "Midsummer Night's Dream........Mendelssohn-Warren
Andante in F........Wely
Festal March......Teilman, arr. Clarence Eddy

The admission will be ten cents as usual. Mrs. Bintliff has not many equals as an organist and these recitals are coming to be more and more popular. Bring this programme with you.

THE WEATHER.

At seven o'clock this morning the thermometer indicated 62 degrees above zero. Clear with northwest wind. At one o'clock p. m. the register was 83 degrees above zero. Partly cloudy with northwest wind. For the corresponding hours one year ago the register was 61 and 71 degrees above zero.

TODD'S.

"BURTON AND INDIA PALE ALES"

are acknowledged by judges to be superior to the Imported English Ales. They have the virtue of being stricly pure—nothing save malt and hops, and of the choicest quality, enters into their composition. Consequently all the nutritive tonic and restorative properties those ingredients are known to possess are found judiciously blended in these brands of ale.—Brewery east end Milwaukee street bridge.

SOME PLEASANT TRIPS.

William A. Bruce the Linen Man On the C. & N. W. Dining Car

HAS NOVEL EXPERIENCES.

A Few of His Annual Trips With Railway Officials. A Trip With Wm. H. Vanderbilt.

"I have been quite a wanderer in my life," said William A. Bruce, linen man on the dining car which arrives in this city on the vestibule at 8:40 every evening, to a Gazette reporter last night as he leaned back in the car seat to take a few moments rest after the tiresome trip from Chicago.

"I was born at Niagara Falls on the 23d day of May, 1856, ran away from home when but nine years of age, and since that time have been almost continually on the road either as barber or waiter. I take to the business as naturally as a fish does to water, but it keeps me away from my family a good deal. I traveled on the lakes from Buffalo to Duluth or Chicago for eight years, making from twelve to fourteen trips each year of about 2400 miles each. After this I was waiter on dining cars running out of Rochester and New York city for a time, and in 1882 was employed on the C & N. W. railroad. Since that time I have been constantly employed by this road, and every year since I began work in the west, I have accompanied some of the officials or directors of roads on long inspections or pleasure trips

"It was in October, 1883," said Mr. Bruce, "that W. H. Vanderbilt, accompanied Manager Hewitt, Secretary Sykes and the board of directors, of the Northwestern road on a six days trip. We went from Chicago via. Beloit, Rochester and Winona to Pierre, Dakota. This was the year that the road was completed to Pierre, and ours was the first passenger train ever run into that city. Mr. Vanderbilt expressed himself as delighted with the city of Rochester, Minnesota.

I remember this party of gentlemen were engaged in a social game of cards, and while the other gentlemen were taking in the beautiful scenery, Mr. Vanderbilt was watching for a chance to gain a point in the game. He always had his mind on money and business, and although he was pleasant and talked a good deal, he never allowed anybody to get the start of him. His mind was so much engaged in what he was doing even at a game of cards, that he sometimes would not know what the rest of the company were talking about. He was a man about five feet ten inches in height, with grey side whiskers, weight about 175 pounds; all the party looked up to him as a leader. I remember up in one of those Dakota towns Mr. Vanderbilt went outside to take a look at the country, and found a young man about eighteen years of age on the trucks of our special.

"What are you doing here?" said Mr. Vanderbilt.

"I want to get further west to see if I can't find work," said the man. "I have been without work for more than a month, and I thought if I could get further west I might find something to do. I didn't have a cent to pay my fare, so I thought I could ride here. it won't hurt anything, will it?"

"Well, my boy," said the veteran capitalist, if you've got grit enough to risk your life in that way, you are entitled to a ride. Come inside;" and Mr. Vanderbilt took him inside, where he rode to the end of his journey.

It was sometime in the winter of 1883-4 I think, that I went with some of the officials of the Northwestern road and their families to Mexico and southern California on a pleasure trip. We were gone about six weeks and I think this was the pleasantest trip I ever took in my life. Among those who accompanied us were Mr. and Mrs. David Dewey, Mr. and Mrs. Milton Kirk and Mr. and Mrs. Nicholas Aglehart. The whole party were in for a good time, and they had it if anybody ever did. We went first to Kansas City, to Las Vegas, New Mexico, stopping at the Montezuma Hotel at the springs near that city, which is one of the finest hotels I ever saw. The springs at this place remind one of the hot springs of Arkansas. We went from here to Mexico. It was just after the completion of the Mexican Central railway, and our party were the first passengers ever taken by rail from Chihuahua to San Rosaline, Old Mexico. This was one of the jolliest parties I ever saw. If there was any fun to be had they had it. There was a pretty fair sprinkling of young people among us, and they made things lively during the whole trip. We went from Mexico to Guaymas, on the Gulf of California, where the party spent some time fishing, and you never saw such fishing in your life. They caught what were called "red snappers" on the gulf, and they would pull them in as fast as they could drop and raise the line from the water. I remember Mr. Kirk caught one fish weighing 12 pounds, and to see his eyes you would have thought that his railroad stock had advanced 50 cents on the dollar. They left me in charge of the car, but I took one of the repeating rifles and spent most of my time shooting gulls in the bay. After our fishing exploits we went north to Los Angeles and San Francisco, and then east over the Union Pacific.

We had another very interesting trip the following year I believe. It was after the annual June meeting of the directors of the Northwestern road. We went from Chicago via Milwaukee to St. Paul, and then over the Canada Pacific which was finished as far as Medicine Hat. Our train was the first to cross the new bridge over the Saskatchewan river. We then came directly home. One of the novelties of this trip was that our engine broke down and we had to wait between two small stations for twelve hours before we could get assistence. But the boys, as they called themselves, had a jolly time. They played poker and cinch, smoked cigars and made up wild west stories to tell their friends when they returned to the city. Among those who were present on trips were: Manager Hewitt, Vice President Long. W. L. Saxe, of New York; J. D. Burk, of Boston. Mr. Hill, of St. Paul, also joined the company in his private car. There were about thirty in the company altogether." Mr. Bruce is one of the old "standby's" of the Northwestern officials on their excursion trips. He began work for this road on the first dining cars ever run between Chicago and St. Paul.

CAMP DOUGLAS.

THE FIRST REGIMENT BOYS EXPERIENCE FINE TIMES IN CAMP.

Correspondence of the Gazette.

CAMP DOUGLAS, August 9:—We are beginning to get ready for doors and windows. The tents go down about noon to-morrow. For one thing we are glad of it; that is on account of the mosquitoes. Last evening they were out in full force; they made their appearance at dress parade, and immediately afterward formed into a "skirmish" and took possession of our camp.

The boys went down town to a dance last evening and had an immense time with a "gang" of sixty men, and at the latest estimate, fifteen girls.

They played all sorts of tricks, and this morning one farmer who left a load of lumber near the depot, is looking for the whiffletree and wheels of his wagon; another for his pet sow which was headed for Janesville with a tin can tied to her tail, and the door tender at the dance, wondering why he left a new forty foot ladder so near to the windows of the dance hall, when the Co. A boys came down town.

The First Regiment band give a concert in front of the colonel's tent every evening, and last evening one of the Racine boys exhibited, by tying and bending himself all over the fly of a tent. He was a good contortionist.

Camp is looking very clean this morning. There is an inspection at three p. m. to-day. Private Kellar left us last evening and his tent is taken by Will Koebelin, who came in this morning.

Col. Theodore Goldin is her for today, the guest of Col. Helm and Company A.

There is a general opinion among the officers and men here that this is an excellent camp ground; and even those who made the worst noise about it at first, are now quiet, and even expressing a good opinion of it.

Quite a number of the boys are "under the weather," but none are not able to be out. There is but one man in the hospital, a member of company D; he is very sick. Steward Charles Stevens is in charge of that department, and although not a regular doctor, handles the licorice, and does the work in the best possible manner.

Dr. J. B. Whiting was last evening reappointed medical officer of the day.

One of the features of Company A's street is the number of signs which adorn the tents. The most prominent one is a glaring red lettered sign marked "Rooney's Rum Foundry."

"PRIVATE."

THE REVISED SPELLER.

AN OLD MAN, A RUDE BOY, AND THEIR TWO LAWYERS.

Burdette in Brooklyn Eagle: An old man found a rude boy up one of his apple trees and desired the young marauder to come down, speaking to him with pleasant words, which are sweeter also than the honeycomb. "I prefer to remain in the band wagon," replied the boy, who held the age. The old man then threatened him with personal violence, but the young scapegrace told him to go to grass, as it was written in the spelling book. "Then," said the old man, whose patience was soon gone, "I will visit you with the extreme penalty of the law." Whereupon the saucebox tauntingly told him to go ahead and draw his bill, and he would soon see how much meat there was on a woodchuck in December. The old man, nothing loath, at once engaged the services of an able and learned lawyer, who was also a jurist and was distinguished in the columns of the local press for his matchless forensic eloquence; while on his part the rude boy, by pledging a portion of the fruit of the tree which he occupied, was able to secure for the defense a pure-minded and honorable counselor, whose fair fame as an attorney and spotless reputation as a high-minded advocate had never been called into question, save by those who had dealings with him. The old man, who was rightful owner and was possessed of the tree by descent, purchase, escheat, alienation, and forfeiture, had his claim strengthened by his lawyer who put in additional claims as riparian owner, freeholder, tenant by courtesy, and right of discovery. In re the defendant, the rude boy, merely put in a claim of naked possession and claimed title by occupancy. The old man went for him on writs of ouster, trespass, waste, and subtraction; to which the R. B. replied by charging disturbance of tenure. The case was called and put off, and set down and adjourned; it was referred to the master to take proof; it was postponed, decided, and carried up; it was reversed and remanded; it was stricken from the docket with leave to reinstate, and withdrawn with leave to amend; it was argued in chambers and surcharged for rejoinder; and was just on the point of being rebutted for demurrer in trover with misprision of alimony when the old man died, without issue. leaving the rude boy in possession. His own attorney, however, requested him to come down, to which the boy replied that he had learned a little law himself by this time; where upon his advocate, reminding him that "a little learning was a dangerous thing," took a large-sized rock of irregular shape from his pocket, knocked the boy clear out of the orchard at the first shot, and assumed possession by villainage. "My name is Dennis," cried the dying boy, "but I wonder why the old man didn't do that?" "Because," replied the highminded advocate, "he had a chump of a lawyer who didn't know how to play the winning cards when he held them." So saying he took off all his client's clothes, examined his teeth to see if they were filled, and sold the cadaver to a medical student. with the right of reversion of the bones to himself after the student got through with them.

Thus do we see that it is easy enough to make an honest living at the practice of the theory of law if you only know how to put the kink in the lariat.

RECEIVED A SMALL FORTUNE

W. G. WALLACE MADE HAPPY BY THE RECEIPT OF $15,000 FROM THE LOUISIANA STATE LOTTERY.

William G. Wallace, freight train conductor on the Flint & Pere Marquette railroad, upon whom fortune smiled so broadly recently, is taking matters very cooly and to look at or speak with him one would not imagine he was the luckiest individual in several states.

"I had been investing in Louisiana State Lottery tickets for about a year and a half, though not regularly," Mr. Wallace said to the Courier recently." In June, while on my run east, I was importuned by a station agent on the line to purchase a Louisiana State Lottery ticket for the drawing that month. I hesitated at first, but he stuck to me, asking me to purchase as a personal favor, it being his first venture in ticket selling. Ten days pryor to the drawing we met again and then giving him $1 I took the first ticket in the package he held, I did not look at the number, but placing the coupon in my pocket almost forgot about it. Two days after the drawing I visited Doc' Lyons' on Potter street, and there read the list of numbers drawing prizes. The figures on top attracted my attention, and it flashed across my mind that a piece of paper in my vest and the first prize were closely related. Comparing them I discovered with great satisfaction that I had drawn one-fortieth of the capital prize of $600,000. Excited? No. Rubbing my eyes to assure myself that I was not dreaming, I went home to tell my wife the good news and started off to work the next morning. I gave the check to the East Saginaw National Bank for collection, and eight days after received $15,000, less $60 collection fees and express charges. It is now on deposit there, I am too young to quit work and in fact have no desire to."

Mr. Wallace has resided here six years, is married and has one child, and a host of friends who congratulate him on his good fortune.—*East Saginaw*, (Mich.) *Courier*, July 16.

AN INTELLIGENT DOG.

An Omaha Foundling Guarded by a Canine Brute.

A striking instance of the faithful affection of the canine race occurred in Omaha the other night at the "Open Door," an institute for unfortunate infants. It was nearly time for the big clock to strike 1 when the superintendent of the institution was awakened by the wailing of a baby voice somewhere near the place. In an instant she was up and, calling the matron, explained that some one of the babes in the house was crying. A search was made and each of the infants was found snugly locked in sleepland. A moment they stood still to listen. A scratching at the front door was heard, coupled with the cry of that wee voice, this time sounding from the front yard. In haste the outer door was opened, when a beautiful spaniel sprung up at the ladies and began pulling at their dresses, as if to induce them to follow him. They did so, and in the yard near the gate found a 6-weeks-old babe in the basket, which they carried into the house and cared for, the faithful animal following and watching every movement. When the babe was placed in the cradle the dog lay down beside it and has ever since carefully guarded it.
